An attorney who represents a party and also acts as Agent may represent such party in such action. Upon notifying all parties concerned of such action, all liability on the part of Agent shall fully terminate, except to the extent of accounting for any items previously delivered out of escrow. If a licensed real estate broker, Agent will comply with provisions of Chapter 475, F.S., as amended and FREC rules to timely resolve escrow disputes through mediation, arbitration, interpleader or an escrow disbursement order. Any proceeding between Buyer and Seller wherein Agent is made a party because of acting as Agent hereunder, or in any proceeding where Agent interpleads the subject matter of the escrow, Agent shall recover reasonable attorney's fees and costs incurred, to be paid pursuant to court order out of the escrowed funds or equivalent. Agent shall not be liable to any party or person for mis-delivery of any escrowed items, unless such mis-delivery is due to Agent's willful breach of this Contract or Agent's gross negligence. This Paragraph 13 shall survive Closing or termination of this Contract.
  - 14. PROFESSIONAL ADVICE; BROKER LIABILITY: Broker advises Buyer and Seller to verify Property condition, square footage, and all other facts and representations made pursuant to this Contract and to consult appropriate professionals for legal, tax, environmental, and other specialized advice concerning matters affecting the Property and the transaction contemplated by this Contract. Broker represents to Buyer that Broker does not reside on the Property and that all representations (oral, written or otherwise) by Broker are based on Seller representations or public records. BUYER AGREES TO RELY SOLELY ON SELLER, PROFESSIONAL INSPECTORS AND GOVERNMENTAL AGENCIES FOR VERIFICATION OF PROPERTY CONDITION, SQUARE FOOTAGE AND FACTS THAT MATERIALLY AFFECT PROPERTY VALUE AND NOT ON THE REPRESENTATIONS (ORAL, WRITTEN OR OTHERWISE) OF BROKER. Buyer and Seller (individually, the "Indemnifying Party") each individually indemnifies, holds harmless, and releases Broker and Broker's officers, directors, agents and employees from all liability for loss or damage, including all costs and expenses, and reasonable attorney's fees at all levels, suffered or incurred by Broker and Broker's officers, directors, agents and employees in connection with or arising from claims, demands or causes of action instituted by Buyer or Seller based on: (i) inaccuracy of information provided by the Indemnifying Party or from public records; (ii) Indemnifying Party's misstatement(s) or failure to perform contractual obligations; (iii) Broker's performance, at Indemnifying Party's request, of any task beyond the scope of services regulated by Chapter 475, F.S., as amended, including Broker's referral, recommendation or retention of any vendor for, or on behalf of, indemnifying Party; (iv) products or services provided by any such vendor for, or on behalf of, Indemnifying Party; and (v) expenses incurred by any such vendor. Buyer and Seller each assumes full responsibility for selecting and compensating their respective vendors and paying their other costs under this Contract whether or not this transaction closes. This Paragraph 14 will not relieve Broker of statutory obligations under Chapter 475, F.S., as amended. For purposes of this Paragraph 14,

Broker will be treated as a party to this Contract. This Paragraph 14 shall survive Closing or termination of this Contract.

- (a) BUYER DEFAULT: If Buyer fails, neglects or refuses to perform Buyer's obligations under this Contract, including payment of the Deposit, within the time(s) specified. Seller may elect to recover and retain the Deposit for the account of Seller as agreed upon liquidated damages, consideration for execution of this Contract, and in full settlement of any claims, whereupon Buyer and Seller shall be relieved from all further obligations under this Contract, or Seller, at Seller's option, may, pursuant to Paragraph 16, proceed in equity to enforce Seller's rights under this Contract. The portion of the Deposit, if any, paid to Listing Broker upon default by Buyer, shall be split equally between Listing Broker and Cooperating Broker; provided however, Cooperating Broker's share shall not be greater than the commission amount Listing Broker had agreed to pay to Cooperating Broker.
- (b) SELLER DEFAULT: If for any reason other than failure of Seller to make Seller's title marketable after reasonable diligent effort, Seller fails, neglects or refuses to perform Seller's obligations under this Contract, Buyer may elect to receive return of Buyer's Deposit without thereby waiving any action for damages resulting from Seller's breach, and, pursuant to Paragraph 16, may seek to recover such damages or seek specific performance. This Paragraph 15 shall survive Closing or termination of this Contract.
- 16. DISPUTE RESOLUTION: Unresolved controversies, claims and other matters in question between Buyer and Seller arising out of, or relating to, this Contract or its breach, enforcement or interpretation ("Dispute") will be settled as follows:
  - (a) Buyer and Seller will have 10 days after the date conflicting demands for the Deposit are made to attempt to resolve such Dispute, failing which, Buyer and Seiler shall submit such Dispute to mediation under Paragraph 16(b),
  - (b) Buyer and Seller shall attempt to settle Disputes in an amicable manner through mediation pursuant to Florida Rules for Certified and Court-Appointed Mediators and Chapter 44, F.S., as amended (the "Mediation Rules"). The mediator must be certified or must have experience in the real estate industry. Injunctive relief may be sought without first complying with this Paragraph 16(b). Disputes not settled pursuant to this Paragraph 16 may be resolved by Instituting action in the appropriate court having jurisdiction of the matter. This Paragraph 16 shall survive Closing or termination of this Contract.
- 17. ATTORNEY'S FEES; COSTS: The parties will split equally any mediation fee incurred in any mediation permitted by this Contract, and each party will pay their own costs, expenses and fees, including attorney's fees, incurred in conducting the mediation. In any litigation permitted by this Contract, the prevailing party shall be entitled to recover from the non-prevailing party costs and fees, including reasonable attorney's fees, incurred in conducting the litigation. This Paragraph 17 shall survive Closing or termination of this Contract.

#### 305 A. TITLE:

(i) TITLE EVIDENCE; RESTRICTIONS; EASEMENTS; LIMITATIONS: Within the time period provided in Paragraph 9(c), the Title Commitment, with legible copies of instruments listed as exceptions attached thereto, shall be issued and delivered to Buyer. The Title Commitment shall set forth those matters to be discharged by Seller at or before Closing and shall provide that, upon recording of the deed to Buyer, an owner's policy of title insurance in the amount of the Purchase Price, shall be issued to Buyer insuring Buyer's marketable title to the Real Property, 311 subject only to the following matters: (a) comprehensive land use plans, zoning, and other land use restrictions, prohibitions and requirements imposed by governmental authority; (b) restrictions and matters appearing on the Plat 313 or otherwise common to the subdivision; (c) outstanding oil, gas and mineral rights of record without right of entry; 314 (d) unplatted public utility easements of record (located contiguous to real property lines and not more than 10 feet in 315 width as to rear or front lines and 7 1/2 feet in width as to side lines); (e) taxes for year of Closing and subsequent 318 years; and (f) assumed mortgages and purchase money mortgages, if any (if additional items, attach addendum); provided, that none prevent use of the Property for RESIDENTIAL PURPOSES. Marketable title shall be determined according to applicable Title Standards adopted by authority of The Florida Bar and in accordance with 320 BW.

(ii) TITLE EXAMINATION: Buyer shall have 5 days after receipt of Title Commitment to examine it and notify 322 Seller in writing specifying defect(s), if any, that render title unmarketable. 328 deliver written notice to Buyer (with proof of cure acceptable to Buyer and Buyer's attorney) and the parties will close this Contract on Closing Date (or if Closing Date has passed, within 10 days after Buyer's receipt of Seller's notice). If Seller is unable to cure defects within Cure Period, then Buyer may, within 5 days after expiration of 331 Cure Period, deliver written notice to Seller: (a) extending Cure Period for a specified period not to exceed 120 days 332 within which Seller shall continue to use reasonable diligent effort to remove or cure the defects ("Extended Cure Period"); or (b) electing to accept title with existing defects and close this Contract on Closing Date (or if Closing Date has passed, within the earlier of 10 days after end of Extended Cure Perlod or Buyer's receipt of Seller's notice), or (c) electing to terminate this Contract and receive a refund of the Deposit, thereby releasing Buyer and Seller from 336 all further obligations under this Contract. If after reasonable diligent effort, Seller is unable to timely cure defects, and Buyer does not waive the defects, this Contract shall terminate, and Buyer shall receive a refund of the Deposit, thereby releasing Buyer and Seller from all further obligations under this Contract.

- B. SURVEY: If Survey discloses encroachments on the Real Property or that improvements located thereon encroach on setback lines, easements, or lands of others; or violate any restrictions, covenants, or applicable governmental regulations described in STANDARD A (I)(a), (b) or (d) above, Buyer shall deliver written notice of such matters, together with a copy of Survey, to Seller within 5 days after Buyer's receipt of Survey, but no later than Closing. - C. INGRESS AND EGRESS: Seller represents that there is ingress and egress to the Real Property and title to 348 the Real Property is insurable in accordance with STANDARD A without exception for lack of legal right of access.
- D. LEASES: Seller shall, within 5 days after inspection Period, furnish to Buyer copies of all written leases and estoppel letters from each tenant specifying nature and duration of tenant's occupancy, rental rates, advanced rent and security deposits paid by tenant, and income and expense statements for preceding 12 months ("Lease Information"). If Seller is unable to obtain estoppel letters from tenant(s), the same information shall be furnished by Seller to Buyer within that time period in the form of a Seller's affidavit, and Buyer may thereafter contact tenant(s) to confirm such information. If terms of the lease(s) differ materially from Seller's representations, Buyer may deliver written notice to Seller within 5 days after receipt of Lease Information, but no later than 5 days prior to Closing Date, terminating this Contract and receive a refund of the Deposit, thereby releasing Buyer and Seller from all 157 further obligations under this Contract. Seller shall, at Closing, deliver and assign all original leases to Buyer who shall assume Seller's obligation thereunder.
- E. LIENS: Seller shall furnish to Buyer at Closing an affidavit attesting; (i) to the absence of any financing statement, claims of lien or potential lienors known to Seller, and (ii) that there have been no improvements or repairs 381 to the Real Property for 90 days immediately preceding Closing Date. If the Real Property has been improved or repaired within that time, Seller shall deliver releases or waivers of construction liens executed by all general contractors, subcontractors, suppliers and materialmen in addition to Seller's tien affidavit setting forth names of all such general contractors, subcontractors, suppliers and materialmen, further affirming that all charges for improvements or repairs which could serve as a basis for a construction lien or a claim for damages have been paid or will be paid at Closing.
- F. TIME: Calendar days shall be used in computing time periods. Any time periods provided for in this Contract 367 which shall end on a Saturday, Sunday, or a national legal holiday (see 5 U.S.C. 6103) shall extend to 6:00 p.m. (where the Property is located) of the next business day. Time is of the essence in this Contract.
- G. All time periods, including Closing Date, will be extended for the period that the Force Majeure prevents performance under this Contract, provided, however, if such Force Majeure continues to prevent performance under this Contract more than 14 days beyond Closing Date, then either party may terminate this Contract by delivering written notice to the other and the Deposit shall be refunded to Buyer, thereby releasing Buyer and Seller from all further obligations under this Contract.
- H. CONVEYANCE: Seller shall convey marketable title to the Real Property by statutory warranty, trustee's, personal representative's, or guardian's deed, as appropriate to the status of Seller, subject only to matters described in STANDARD A and those accepted by Buyer. insurance, or, if no title insurance, designated by Seller. Closing may be conducted by mail or electronic means. (ii) CLOSING DOCUMENTS: At Closing, Seller shall furnish and pay for, as applicable, deed, bill of sale, 388 certificate of title, construction lien affidavit, owner's possession affidavit, assignments of leases, and corrective 388 instruments. Seiler shall provide Buyer with paid receipts for all work done on the Property pursuant to this Contract. Buyer shall furnish and pay for, as applicable, mortgage, mortgage note, security agreement, financing statements, survey, base elevation certification, and other documents required by Buyer's lender. 393

(iii) PROCEDURE: The deed shall be recorded upon COLLECTION of all closing funds. If the Title Commitment provides insurance against adverse matters pursuant to Section 627.7841, F.S., as amended, the escrow closing procedure required by STANDARD J shall be waived, and Closing Agent shall, subject to COLLECTION of all closing funds, disburse at Closing the brokerage fees to Broker and the net sale proceeds to Seller.

J. ESCROW CLOSING PROCEDURE: If Title Commitment Issued pursuant to Paragraph 9(c) does not provide for insurance against adverse matters as permitted under Section 627.7841, F.S., as amended, the following escrow and closing procedures shall apply: (1) all Closing proceeds shall be held in escrow by the Closing Agent for a period of not more than 10 days after Closing; (2) if Seller's title is rendered unmarketable, through no fault of Buyer, Buyer shall, within the 10 day period, notify Seller in writing of the defect and Seller shall have 30 days from date of receipt of such notification to cure the defect; (3) if Seller falls to timely cure the defect, the Deposit and all Closing funds paid by Buyer shall, within 5 days after written demand by Buyer, be refunded to Buyer and, simultaneously with such repayment, Buyer shall return the Personal Property, vacate the Real Property and re-convey the Property to Seller by special warranty deed and bill of sale; and (4) if Buyer fails to make timely demand for refund of the Deposit, Buyer shall take title as is, waiving all rights against Seller as to any intervening defect except as may be available to Buyer by virtue of warranties contained in the deed or bill of sale.

K. PRORATIONS; CREDITS: The following recurring Items will be made current (if applicable) and prorated as of the day prior to Closing Date, or date of occupancy if occupancy occurs before Closing Date: real estate taxes (including special benefit tax assessments imposed by a CDD), interest, bonds, association fees, insurance, rents and other expenses of Property. Buyer shall have option of taking over existing policies of insurance, if assumable, in which event premiums shall be prorated. Cash at Closing shall be increased or decreased as may be required by prorations to be made through day prior to Closing. Advance rent and security deposits, if any, will be credited to Buyer. Escrow deposits held by Seller's mortgagee will be paid to Seller. Taxes shall be prorated based on current year's tax with due allowance made for maximum allowable discount, homestead and other exemptions. If Closing occurs on a date when current year's millage is not fixed but current year's assessment is available, taxes will be prorated based upon such assessment and prior year's miliage. If current year's assessment is not available, then taxes will be prorated on prior year's tax. If there are completed improvements on the Real Property by January 1st of year of Closing, which improvements were not in existence on January 1st of prior year, then taxes shall be prorated based upon prior year's millage and at an equitable assessment to be agreed upon between the parties, failing which, request shall be made to the County Property Appraiser for an informal assessment taking into account available exemptions. A tax proration based on an estimate shall, at either party's request, be readjusted upon receipt of current year's tax bill. This STANDARD K shall survive Closing.

L. ACCESS TO PROPERTY TO CONDUCT APPRAISALS, INSPECTIONS, AND WALK-THROUGH: Seller shall, upon reasonable notice, provide utilities service and access to Property for appraisals and inspections, including a walk-through (or follow-up walk-through if necessary) prior to Closing.

M. RISK OF LOSS: If, after Effective Date, but before Closing, Property is damaged by fire or other casualty ("Casualty Loss") and cost of restoration (which shall include cost of pruning or removing damaged trees) does not exceed 1.5% of Purchase Price, cost of restoration shall be an obligation of Seller and Closing shall proceed pursuant to terms of this Contract. If restoration is not completed as of Closing, a sum equal to 125% of estimated cost to complete restoration (not to exceed 1.5% of Purchase Price), will be escrowed at Closing. If actual cost of restoration exceeds escrowed amount, Seller shall pay such actual costs (but, not in excess of 1.5% of Purchase Price). Any unused portion of escrowed amount shall be returned to Seller. If cost of restoration exceeds 1.5% of Purchase Price, Buyer shall elect to either take Property "as is" together with the 1.5%, or receive a refund of the Deposit, thereby releasing Buyer and Seller from all further obligations under this Contract. Seller's sole obligation with respect to tree damage by casualty or other natural occurrence shall be cost of pruning or removal.

N. 1031 EXCHANGE: If either Seller or Buyer wish to enter into a like-kind exchange (either simultaneous with Closing or deferred) under Section 1031 of the Internal Revenue Code ("Exchange"), the other party shall cooperate in all reasonable respects to effectuate the Exchange, including execution of documents; provided, however, cooperating party shall incur no liability or expense related to the Exchange, and Closing shall not be contingent upon, nor extended or delayed by, such Exchange.

O. CONTRACT NOT RECORDABLE; PERSONS BOUND; NOTICE; COPIES: Neither this Contract nor any notice of it shall be recorded in any public records. The appraiser may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment. Modifications or deletions to the certifications are also not permitted. However, additional certifications that do not constitute material alterations to this appraisal report, such as those required by law or those related to the appraiser's continuing education or membership in an appraisal organization, are permitted.

**SCOPE OF WORK:** The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) perform a complete visual inspection of the interior and exterior areas of the subject property, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

**INTENDED USE**: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

**DEFINITION OF MARKET VALUE:** The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions\* granted by anyone associated with the sale.

\*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

**STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS:** The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

- 1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title.
- 2. The appraiser has provided a sketch in this appraisal report to show the approximate dimensions of the improvements. The sketch is included only to assist the reader in visualizing the property and understanding the appraiser's determination of its size.
- 3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
- 4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
- 5. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing this appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.
- 6. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that the completion, repairs, or alterations of the subject property will be performed in a professional manner.

- 18. #### **GENERAL COMMENTS:**

This is a Summary Appraisal Report which is intended to comply with the reporting requirements set forth under Standards Rule 2-2(b) of the Uniform Standards of Professional Appraisal Practice for a Summary Appraisal Report. As such, it presents only summary discussions of the data, reasoning, and analyses that were used in the appraisal process, to develope the appraisers opinion of value. Supporting documentation that is not provided with the report concerning the data, reasoning, and analyses is retained in the appraisers file. The depth of the discussion contained in this report is specific to the needs of the client and for the intended use stated in this report. This report is intended for use only by the lender/client identified in the report. Use of this report by others is not intended by the appraiser.

### **ELECTRONIC SIGNATURE COMMENTS:**

Electronic Signature's are utilized in this report. The Uniform Standards of Professional Appraisal practice and the Appraisal Standards board state that electronically affixing a signature to a report carries the same level of authenticity and responsibility as on a paper copy report (The term "Written records" includes information stored on electronic, magnetic or other media). All electronic signature's in this report have a security feature maintained by individual passwords for each signing appraiser. No person can alter the appraisal with exception of the original signing appraiser(s)

#### **INTENDED USER:**

The Intended User of this appraisal report is the Lender/Client. The Intender Use is to evaluate the property that is the subject of the appraisal for a mortgage finance transaction, subject to the stated Scope of Work, purpose of the appraisal, reporting requirements of this appraisal report form, and Definition of Market Value. No additional Intended Users are identified by the appraiser.

### **TAX ROLL COMMENT:**

### Building areas:

The taxroll building size usually varies from the actual floor size. In some single story buildings, the living area and the adjusted area are the same. For multiple story buildings and those with garages, porches, utility rooms and other variations, the assessor's area does not equal the actual floor area. The factors the assessor uses are as follows:

Base living area = 100 pct / Carport, no walls = 33 pct. / Garage = 50 pct. / Patio with roof = 33 pct. / New FL Room = 60 pct. / Utility = 50 pct. / Roof area overhang > 3 feet, with no concrete walkway = 25 pct. / Roof area overhang > 3 feet, with concrete walkway = 33 pct.

The finished square footage calculations for the Subject property were made based on on-site measurements adhering to the American National Standard Institute's standard ANSI Z765-2003 for single-family residential buildings. Due to possible discrepencies caused by on-site nuisances a survey is recommended for verification of reported dimentions.

### **APPRAISAL COMMENTS:**

Information reported in this appraisal about the condition of the property is based on the appraiser's inspection of the property and what was disclosed to the appraiser or what the appraiser was aware of. The appraiser is not a home inspector and therefore would not be aware of any conditions that were not apparent or disclosed to him at the time of inspection. Unless otherwise noted, none were disclosed.

Borrower: CITY OF HIALEAH/CLIENT	File No.: 1006057

Lender: CITY OF HIALEAH			

As per Trulia.com homes in the Subject's zip code (33010) have shown a decline in the past year of -10.1%. In the appraisal report all Comparables over the preferred 3 month period have a negative time adjustment supporting the decline. In addition all active sales have an appropriate list to sale price ratio.

**Note:** The Subject property is located within a neighborhood with high foreclosure rates and high vacancy factors. As per the appraiser's research foreclosure sales are typical of the Subject's neighborhood and indicative of current market values. The appraiser's research also revealed that the foreclosure sales utilized in this appraisal report are indicative of current market values.

The Subject property is located in a declining market with the typical marketing time exceeding the preferred six month period and an oversupply of properties existing. This is typical for the Subject's neighborhood and does not negatively effect the Subject's marketabilty and/or value. All properties are affected similarly and all sales are within the declining market as of the effective date of the appraisal.

The Subject property estimate of value is below the predominant value in the Subject area, but is within the overall range of values for the Subject's neighborhood. It should be noted that, although, Subject property value estimate is lower than the predominant value in the neighborhood, this does not represent a significant underimprovement nor does it adversely affect the Subject's current value. The Subject property does appeal to enough qualified purchasers to create an active market.

Comparable sales #1, #3 and #4 utilized in the report were F.H.A. financed. This is considered preferred financing and usually requires an appropriate adjustment. However, no market derived evidence was found to support any adjustment for this type of financing concession.

A parcel's highest value is the area where the improvement is built plus any set backs. Any land beyond those boundaries is considered surplus land unless the zoning regulations permit it's use with improvements that would render some economic return. Therefore, in computing land values, surplus land is placed at the lower end of the value range thereby making any adjustment of value determination more subjected to the land's contributory value than to the actual dollar amount based on the size. With that in mind, there may be instances where a land adjustment becomes irrelevant simply because all indicators on the market data available would not support such an adjustment.

The fact that the land to value ratio exceeds the typical one third (FNMA guidelines), does not affect the Marketability and/or Market Value of the Subject property. This is due to the desirability of the area and its location. Typically, improvements to value ratios decrease and the land to value ratios increase.

### **RECONCILIATION:**

All three approaches to value were considered. The appraiser considered that the income approach to value was inappropriate since there is limited rental data to support the development of a gross rent multiplier. Therefore the two remaining approaches, namely the sales comparison and the cost approach, were utilized. Most reliance was placed on the sales comparison approach, as it best reflects the market for this type of property, with the cost approach used as a supportive evidence to the opinion of value.

### **APPRAISALS:**

Appraisals are no guarantee that the property is free from defects. The appraisal only establishes the opinion of value for mortgage purposes. Buyers need to secure their own home inspections through the services of a qualified inspector and satisfy themselves about the condition of the property.
